

Representing Innovative Process Equipment Manufacturers For Over 40 years

ZENON Membrane Solutions
Ultrafiltration Membrane Plants
Ultrafiltration MBR Plants

RCCI Thermal Products Division
Produced Water Treatment
Evaporation and Crystallization
Zero Liquid Discharge

Water & Wastewater Equipment
Material Handling and Transport
Belt Conveyors
Lamella Plate Settlers, Flocculators

Mechanical Separation Solutions
Centrifuges, Belt Presses, Filter Presses
Thickeners (Gravity Belt)
Hydrasand Filters

WALLACE & TIERNAN

Chemical Feed Systems
RJ Environmental
Vapour - Phase Odour Control
REX® & LINK-BELT®
Raw Water Screening Equipment

Blowers and Compressors
Rotary Lobe Compressors
Positive Displacement Blowers
Screw Compressors
Wastewater / Biogas Recovery Applications

Separation & Conveying
Shaftless Screw Spirals
Shafted Screw Conveyors
Screw Based Products

Packaged Chemical Feed Systems
Liquid & Chemical Pumping Systems
Chlorine Gas Feed Systems & Buildings
Dry Chemical Feed Systems (PAC, KMnO4, etc.)

FORGE FLOW
Chlorine & Chemical Scales
Volumetric Screw Feeders

Single Stage Centrifugal Blowers
Turbo Compressors
Compressor Packages

Water Intake Screening and Equipment
Passive Type Screens
Fish Diversion Screens

Engineered FRP Equipment
Custom Storage Tanks
Wet Scrubbers, Ventilation Systems

Fluids & Solids GRINDERS
Pump/Centrifuge Protection
Facilities Waste
Drilling & Processing Applications
Agricultural Waste

Oil Water Separation
IGF's, DGF's, Walnut Shell Filtration
Oil Wastewater Treatment
API Separators, DNF's

Solids Handling Equipment
High Solids Piston Pumps
Sliding Frames & Live Bottoms
Container Wagons

Water & Wastewater Treatment
Eimco Water Technologies:
Clarifiers/Thickeners/Sedimentation
Biological Process Systems

Polymer Blending Systems
Chemical Feed
Bulk Solids Handling Systems

OPTAER® Lagoon Based Processes
BioPortz MBBR
Cloth Disc & Rotating Belt Filters
Continuous Backwash Sand Filtration

Air & Gas Handling
Multi-Stage Centrifugal Blowers

High Recovery Reverse Osmosis
Closed Circuit RO Technology
Up to 98% Recovery

Water & Wastewater
Ultraviolet Disinfection for Water & Wastewater
Ozone Generators & Systems

Disinfection Byproduct Reduction (MIEX DOC RESIN)
DOC pretreatment to remove
DBP precursors for THM and HAA reduction

Friesen Utilities Services & Engineering Inc.

Senior Technical Consultants
Oil Separation / Water Treatment Program
Optimization
Plant / Equipment Design Engineering Reviews
Customized Training (Site Specific)
Plant Commissioning and Start Up

Water Treatment Equipment

Screening	* Travelling Water Screen * "Johnson" Passive Intake Screens	Filtration	* Gravity & Pressure Filtration * Rapid & Slow Sand Filtration * "ZeeWeed" Ultrafiltration Membranes * Ultra/RO Membrane Systems
Clarification	* Clarifiers, Solids Contact * DAF Clarifiers, Lime Softening * "MIEX" Resin TOC Reduction	Aeration	* Iron and Manganese Removal * Air Stripping * PD, Hybrid, Turbo Blowers
Disinfection	* Chlorination, Onsite Hypo Generation * Ultraviolet, Low and High Intensity * Ozonation * Chlorine Scrubbers	Storage	* Bolted Steel Storage Tanks * 10,000 – 2,000,000 USG
Instrumentation	* Analyzers; Cl ² , pH, FI ² * Organics (TOC) Turbidity * Weighing Systems	Chemical Feed	* Bulk Chemical Systems * CO2 Feed * Carbonic Acid Feed * Flowmeters, Level Indication * Custom Chemical Systems * Metering Pumps * "Polyblend" Polymer Systems
Packaged Plants	* Surface and Ground Water Treatment Plants	TOC Reduction	* MIEX Ion Exchange Systems

Wastewater Treatment Equipment

Screening	* Bar, Fine, Rotating Drum * Screw Screen * Grinders, Crushers, Shredders * Cograke Screens, Fine Screen	Grit Removal	* Aerated Grit Chambers * Free Vortex Grit Removal Systems * Grit Washers and Transport
Clarification	* Rectangular and Circular Clarifiers * Centre Feed and Rim Feed * Non Metallic Chain and Flights * Sludge Blanket Clarifiers * Lamella Type Separators * DAF Units	Pumping	* Archimedes Screw Pumps * Diaphragm Metering Pumps * Piston Cake Pumps
Biological Treatment	* Coarse and Fine Bubble Aeration * "Aero Strip" Technology * "ZeeWeed" MBR Systems * "Carrousel" Oxidation Systems * Sequencing Batch Reactors * "LM" Mixer Technology * Lagoon Aeration	Sludge Digestion	* "Hydrosel" Digester Covers * Siloxane Removal Systems * Low Pressure Gas Storage * Gas Conditioning Systems * Aerobic / Anaerobic Digestion
Sludge Thickening	* Gravity Belt Thickeners * Dissolved Air Flootation * Centrifuges * Rotating Drum Thickeners	Filtration	* Effluent Filtration Systems * Membrane Filtration
Sludge Handling	* Conveyor Systems * Cake Pumps & Sludge Dryers * Composting Systems	Sludge Dewatering	* Belt Filters, Filter Presses * Centrifuges * Screw Press
Disinfection	* Chlorination and Dechlorination * Ultraviolet * Ozonation	Instrumentation	* Analyzers, Controllers * Testing Equipment * Flowmeters
Package Plants	* Waste Water Treatment Plants * RBC, SBR, MBBR, IFAS * "ZeeWeed" MBR Package Plants	Chemical Treatment	* Bulk Chemical Systems * Custom Chemical Systems * Metering Pump Systems
Zero Liquid Discharge	* Evaporators * Crystallizers	Odour Control	* Spray Contactors * Caustic Scrubbers * Bio Filters
		Miscellaneous	* Oil/Water Separators * Precipitation/Neutralization Systems * Portable & Permanent Lifting Equipment * Heat Recovery Systems
