

Representing Innovative Process Equipment Manufacturers For Over 40 years

**JWC Environmental**  
Trust Monster Quality

Wastewater Grinders (Muffin Monster)  
Septage Receiving  
Sludge Processing  
Headworks Screens  
Screening Washer Compactor

**IPEC**

Solid/Liquid Separation Equipment  
Rotary Drum Screens  
Solids Compaction & Conveying  
Sludge Thickening

**FRC**  
SYSTEMS INTERNATIONAL

Wastewater Flotation Equipment  
DAF, DNF, DGF  
Turnkey Wastewater Treatment Systems

**TURBLEX INC.**  
A Siemens Company

Single Stage Centrifugal Blowers  
Turbo Compressors  
Compressor Packages

**WEDECO**  
a xylem brand

Water & Wastewater  
Ultraviolet Disinfection  
Ozone Generators & Systems

**LEOPOLD**  
a xylem brand

Gravity Media Filtration Solutions  
Underdrain Technologies

**JMS**  
JIM MYERS & SONS, INC.

Wastewater Equipment  
Material Handling and Transport  
Lamella Plate Settlers, Flocculators  
Grit Classifiers

**RASCHIG**  
Reschig USA Inc.

Biological Treatment  
Trickling Filter MBBR & IFAS Media  
Structured Media Applications

**Continental Blower**

Air & Gas Handling  
Multi-Stage Centrifugal Blowers

**NEFCO**

Stamford Density Current Baffles  
Launder Cover Systems  
FRP Clarifier Baffles

**Johnson screens**

Water Intake Screening and Equipment  
Passive Type Screens  
Fish Diversion Screens

**SCHWING BIOSET**

Biosolids Handling Equipment  
High Solids Piston Pumps  
Class "A" Bioset Process  
Sliding Frames & Live Bottoms

**DKG PRECISIONEERING**

Engineered FRP Equipment  
Custom Storage Tanks  
Wet Scrubbers, Ventilation Systems

**suez**  
Water Technologies & Solutions

Water & Wastewater Treatment & Equipment  
Ultrafiltration Membrane Plants  
Membrane Bioreactor Treatment  
Clarification/Filtration/Sedimentation Technologies

**OVIVO**  
Bringing water to life

Water & Wastewater Treatment  
Eimco Water Technologies:  
Clarifiers/Thickeners/Sedimentation  
Biological Process & Aeration (Aerostrip®) Systems

**ANDRITZ Separation**

Mechanical Separation Solutions  
Centrifuges, Belt Presses, Filter Presses  
Thickeners (Gravity Belt)

**OSTARA**  
Creating Value from Waste

Nutrient Recovery Technology  
Struvite Scale Prevention  
Conversion to Commercial Fertilizer

**IXOM**

Disinfection Byproduct Reduction  
Drinking water DOC pretreatment to remove DBP precursors for THM and HAA reduction

**VELDYNE**

Polymer Blending Systems  
Chemical Feed  
Bulk Solids Handling Systems

**Claro**

Headworks Solutions  
Grit Removal & Washing Systems  
Fine Step Screens

**WALLACE & TIERNAN**

Chemical Feed Systems  
RJ Environmental  
Liquid Phase (Bioxide®), Carbon Adsorption and Chemical Scrubbers for Odour Control  
REX® & LINK-BELT®  
Raw Water Screening Equipment

**Nexom**  
technologies for cleaner water

OPTAER® Lagoon Based Processes  
Phosphorus Removal  
Lagoon Aeration (New/Upgrade)  
Tertiary Filtration

**AERZEN**

Blowers and Compressors  
Rotary Lobe Compressors  
Positive Displacement & High Speed Turbo Blowers

**ORGANICA**

Wastewater Treatment & Recycle  
Fixed Bed Biofilm Activated Sludge (FBAS)  
Food Chain Reactor (FCR) Treatment

**MM**

Separation & Conveying  
Shaftless Screw Spirals  
Shafted Screw Conveyors  
Screw Based Products

**UNISON SOLUTIONS**

Biogas Conditioning Solutions  
H2S, Siloxane & CO2 Removal  
BioCNG™ Vehicle Fuel Systems  
Gas Compression Systems

### Water Treatment Equipment

<b>Screening</b>	* Travelling Water Screen * "Johnson" Passive Intake Screens	<b>Filtration</b>	* Gravity & Pressure Filtration * Rapid & Slow Sand Filtration * "ZeeWeed" Ultrafiltration Membranes * Ultra/RO Membrane Systems
<b>Clarification</b>	* Clarifiers, Solids Contact * DAF Clarifiers, Lime Softening * "MIEX" Resin TOC Reduction	<b>Aeration</b>	* Iron and Manganese Removal * Air Stripping * PD, Hybrid, Turbo Blowers
<b>Disinfection</b>	* Chlorination, Onsite Hypo Generation * Ultraviolet, Low and High Intensity * Ozonation * Chlorine Scrubbers	<b>Storage</b>	* Bolted Steel Storage Tanks * 10,000 – 2,000,000 USG
<b>Instrumentation</b>	* Analyzers; Cl <sup>2</sup> , pH, FI <sup>2</sup> * Organics (TOC) Turbidity * Weighing Systems	<b>Chemical Feed</b>	* Bulk Chemical Systems * CO2 Feed * Carbonic Acid Feed * Flowmeters, Level Indication * Custom Chemical Systems * Metering Pumps * "Polyblend" Polymer Systems
<b>Packaged Plants</b>	* Surface and Ground Water Treatment Plants	<b>TOC Reduction</b>	* MIEX Ion Exchange Systems

### Wastewater Treatment Equipment

<b>Screening</b>	* Bar, Fine, Rotating Drum * Screw Screen * Grinders, Crushers, Shredders * Cograke Screens, Fine Screen	<b>Grit Removal</b>	* Aerated Grit Chambers * Free Vortex Grit Removal Systems * Grit Washers and Transport
<b>Clarification</b>	* Rectangular and Circular Clarifiers * Centre Feed and Rim Feed * Non Metallic Chain and Flights * Sludge Blanket Clarifiers * Lamella Type Separators * DAF Units	<b>Pumping</b>	* Archimedes Screw Pumps * Diaphragm Metering Pumps * Piston Cake Pumps
<b>Biological Treatment</b>	* Coarse and Fine Bubble Aeration * "Aero Strip" Technology * "ZeeWeed" MBR Systems * "Carrousel" Oxidation Systems * Sequencing Batch Reactors * "LM" Mixer Technology * Lagoon Aeration	<b>Sludge Digestion</b>	* "Hydrosel" Digester Covers * Siloxane Removal Systems * Low Pressure Gas Storage * Gas Conditioning Systems * Aerobic / Anaerobic Digestion
<b>Sludge Thickening</b>	* Gravity Belt Thickeners * Dissolved Air Flootation * Centrifuges * Rotating Drum Thickeners	<b>Filtration</b>	* Effluent Filtration Systems * Membrane Filtration
<b>Sludge Handling</b>	* Conveyor Systems * Cake Pumps & Sludge Dryers * Composting Systems	<b>Sludge Dewatering</b>	* Belt Filters, Filter Presses * Centrifuges * Screw Press
<b>Disinfection</b>	* Chlorination and Dechlorination * Ultraviolet * Ozonation	<b>Instrumentation</b>	* Analyzers, Controllers * Testing Equipment * Flowmeters
<b>Package Plants</b>	* Waste Water Treatment Plants * RBC, SBR, MBBR, IFAS * "ZeeWeed" MBR Package Plants	<b>Chemical Treatment</b>	* Bulk Chemical Systems * Custom Chemical Systems * Metering Pump Systems
<b>Zero Liquid Discharge</b>	* Evaporators * Crystallizers	<b>Odour Control</b>	* Spray Contactors * Caustic Scrubbers * Bio Filters
		<b>Miscellaneous</b>	* Oil/Water Separators * Precipitation/Neutralization Systems * Portable & Permanent Lifting Equipment * Heat Recovery Systems
