

Representing Innovative Process Equipment Manufacturers For Over 40 years

Wastewater Grinders (Muffin Monster)
 Septage Receiving
 Sludge Processing
 Headworks Screens
 Screening Washer Compactor

Solid/Liquid Separation Equipment
 Rotary Drum Screens
 Solids Compaction & Conveying
 Sludge Thickening

OPTAER & SAGR Lagoon Based Processes
 Phosphorus Removal
 Tertiary Filtration

Coarse and Fine Bubble Aeration Systems

WEDECO
 a xylem brand
 Water & Wastewater
 Ultraviolet Disinfection
 Ozone Generators & Systems

Gravity Media Filtration Solutions
 Underdrain Technologies

Wastewater Equipment
 Material Handling and Transport
 Lamella Plate Settlers, Flocculators
 Grit Classifiers

Nutrient Recovery Technology
 Struvite Scale Prevention
 Conversion to Commercial Fertilizer

Disinfection Byproduct Reduction
 Drinking water DOC pretreatment to remove
 DBP precursors for THM and HAA reduction

Biosolids Handling Equipment
 High Solids Piston Pumps
 Class "A" Bioset Process
 Sliding Frames & Live Bottoms

Stamford Density Current Baffles
 Launder Cover Systems
 FRP Clarifier Baffles

Water Intake Screening and Equipment
 Passive Type Screens
 Fish Diversion Screens

Biological Treatment
 Tricking Filter MBBR & IFAS Media
 Structured Media Applications

Air & Gas Handling
 Multi-Stage Centrifugal Blowers

Water Treatment Solutions
 Containerized Treatment Systems
 Packaged Units
 Integrated Water Systems

Water & Wastewater Treatment & Equipment
 Ultrafiltration Membrane Plants
 Membrane Bioreactor Treatment
 Clarification/Filtration/Sedimentation Technologies

Water & Wastewater Treatment
 Emco Water Technologies:
 Clarifiers/Thickeners/Sedimentation
 Biological Process & Aeration (Aerostrip®) Systems

Glass Fused to Steel Bolted Steel Reservoirs

Geodesic Aluminum Domes & Covers
 Potable Water Storage
 Engineered Storage Systems

Mechanical Separation Solutions
 Centrifuges, Belt Presses, Filter Presses
 Thickeners (Gravity Belt)

Mixing and Aeration Technology
 Hyperboloid Mixers
 Flash Mixing
 Flocculation Systems

Headworks Solutions
 Grit Removal & Washing Systems
 Fine Step Screens

RJ Environmental
 Liquid Phase (Bioxide®), Carbon Adsorption
 and Chemical Scrubbers for Odour Control
 REX® & LINK-BELT®
 Raw Water Screening Equipment

Single Stage Centrifugal Blowers
 Turbo Compressors
 Compressor Packages

Suspended Air Flotation
 Complete Systems and Retrofits
 Packaged Plants

Municipal Drinking Water Treatment
 Multi-Stage Slow Sand Filtration Systems

Blowers and Compressors
 Rotary Lobe Compressors
 Positive Displacement & High Speed Turbo Blowers

Separation & Conveying
 Shaftless Screw Spirals
 Shafted Screw Conveyors
 Screw Based Products

Biogas Conditioning Solutions
 H₂S, Siloxane & CO₂ Removal
 BioCNG™ Vehicle Fuel Systems
 Gas Compression Systems
